Software Engineer

BA (Computer Engineering)

Experience: Backend(Java, SpringBoot, Go, Microservices), FrontEnd(HTML5, CSS, Javascript(Polymer.js, Angular.js)), Agile Dev(Scrum,TDD,BDD,CI/CD)

Worked Industries: Healthcare, Insurance, Aviation

WORK HISTORY

Software Engineer, General Electric Aviation

2017 Feb – Present

- Pax Protection (Passenger Protection)

Responsible for designing, implementing new features, deployment, refactoring and maintenance if needed for some microservices.

Tech Stack and Used Environment : Go, Java8, SpringBoot, Rest Api, Polymer.js, RabbitMQ, Redis, Github, Jenkins, Cloud Foundry, Microservice Architecture, Jenkins, CI/CD, Agile(Scrum, TDD)

- CDE (Document Management)

Responsible for designing, implementing new features, deployment, refactoring and maintenance if needed for some microservices.

Tech Stack and Used Environment : Java8, SpringBoot, Node JS, Spring, SpringData, JPA(Hibernate), JDBC, Junit, PostgreSQL, Rest Api, Angular.js, RabbitMQ, Cloud Foundry, Github, Maven, Jenkins, Tomcat, Microservice Architecture, Jenkins, CI/CD, Agile(Scrum, TDD)

Software Engineer, BNP Paribas Cardif

2015 Sep – 2017 Feb

- Call Center

Responsible for implementing new features, deployment, refactoring and maintenance if needed.

Tech Stack and Used Environment : Java8, Spring, JPA(Hibernate), JDBC, JSF, Junit, Rest Api, Oracle, Spring Security, ActiveMQ, JMS, Tomcat, WebSphere, Maven, Git, SOA Architecture, Agile(Scrum, TDD)

- Datex (Data Exchange Platform)

Responsible for designing, implementing new features, deployment, refactoring and maintenance if needed for some microservices.

Tech Stack and Used Environment : Java8, SpringBoot, JPA(Hibernate), JDBC, Junit, Rest Api, Oracle, ActiveMQ, JMS, Apache Camel, Tomcat, WebSphere, Maven, Git, Microservice Architecture, Agile(Scrum, TDD)

- Coman (Payment Workflow Engine)

Responsible for maintenance.

Tech Stack and Used Environment : Java8, Spring, Rest Api, JPA(Hibernate), Web Services(SOAP), Oracle, PL/SQL, ActiveMQ, WebSphere, Maven, Git

Java Developer, Mirsis Information Technologies(AvivaSA Insurance)

2014 June – 2015 June

- Bancassurance (Banking Insurance)

Responsible for implementing new features and maintenance.

Tech Stack and Used Environment : Java7, EJB, JPA(Hibernate), JSF, Junit, JDBC, Web Services(SOAP), Oracle, SQL, PL/SQL, WebLogic, Maven, SVN

Java Developer, Bilge Adam Corporate

2013 Aug – 2014 May

- HBYS(Hospital Management)

Responsible for implementing new features and maintenance.

Tech Stack and Used Environment : Java6, EJB, JPA(Hibernate), JSP, JDBC, Web Services(SOAP), Oracle, SQL, JBoss, Maven, SVN, Jenkins CI/CD Agile(Scrum)

Java Developer, Kayı Software

2012 Jan – 2013 May

- Logo

Responsible for implementing new features.

Tech Stack and Used Environment : Java6, EJB, JPA(Hibernate), JSF, JDBC, PostgreSQL, JBoss, SVN

SUMMARY OF QUALIFICATIONS or PROFESSIONAL SKILLS PROFILE

- More than 5 years of experience in Web & Enterprise applications development using JEE Technologies.
- Solid understanding Object Oriented design and programming principles.
- Solid understanding design patterns, clean code principles.
- Solid understanding TDD principles.
- Solid understanding software development life cycle with agile processes.
- Solid understanding Microservice and SOA architectures.
- Experience of Application servers also Cloud foundry.
- Experience of JDBC / ORM Tools and relational databases.
- Experience of SQL and PL/SQL Development.
- Experience of Webservice technologies including SOAP/REST.
- Experience of Maven, Jenkins and CI/CD.
- Experience of Source Control tools (SVN, CVS, Git, Github)
- Experience of client side development.
- Experience of other programing language Node.js, Go, Python, JavaScript

EDUCATION & LANGUAGES

BA; Computer Engineering, Sakarya University(2008-2012)

English: Advanced

ADDITIONAL EXPERIENCE

IIOT (Industrial Internet of Things), Cloud Foundry, Go Lang, Python, Apache Camel, Elastic Search, Kibana, Apache CXF, OpenJPA, EclipseLink, MongoDB, JAX-WS, MySQL, Gradle, SQL, PL/SQL, Ant, XML, JSON, Redis, CVS, Jasper Reports, Quartz Scheduler, Jira, FishEye, FindBugs, SonarQube
